PROGRAMME OUTCOME

The affiliating university (i.e. University of Calcutta) of our institution undertakes the responsibility of designing the curriculum and framing the syllabus for all the UG programs as our institution is not an autonomous institution. The Board of Studies of the University provides the need-based inputs and inclusion of different topics in the undergraduate syllabus by giving their valuable suggestions and advice. There are a range of program options and courses for students to choose from when applying for UG courses. These courses and programs are prepared in compliance with the local, national and global trends and needs in mind.

Program outcomes, program specific outcomes and course outcomes for all programs offered by the New Alipore College are stated and displayed on website www.newaliporecollege.ac.in and communicated to teachers and students. The website is properly maintained and duly kept updated. Department wise or committee wise information is provided with details of different programs conducted by the committees and photographs are also displayed on the website. Website provides an introduction of the institute, faculty member details and achievements of students. The college prospectus as well as the website provides the list of programs and courses including the program codes in detail.

Mechanism of Communication

The following mechanism is followed by the institution to communicate the programme outcomes and course outcomes to the teachers and students:

- Hard copies of syllabi provided by the University of Calcutta and programme outcomes and course outcomes are available in the departments for ready reference to the teachers and students.
- Learning outcomes of the programmes and courses are displayed on the display board in each departmental class rooms.
- Soft copy of curriculum and learning outcomes are uploaded in the college website for reference.
- The importance of learning outcomes has been communicated to the teachers in HoD meetings of the college.
- The students are also made aware of the programme outcomes and course outcomes through orientation programmes organised by the college for the first semester students and departmental meetings.

Response:

The College runs only the undergraduate programme - B.A.; B.Sc.; and B.Com. The Undergraduate programmes aim towards the success of students in Research, Inventions, Industrial jobs and contributions in Nation building and in the interest of the Globe.
