Ref. No. NAC/25/N/156   Date : 2/5/2025

NOTICE

The undersigned is glad to notify that a similarity checking software named Drillbit-Pro has been procured by the college for checking the percentage of plagiarism in paper/thesis authored/co-authored by the New Alipore College faculties. It also has the AI and Grammar quality checking capability. The faculties of New Alipore College are encouraged to avail this facility adhering to the following modalities:

1. The paper/thesis must be authored/co-authored by at least one faculty member of New Alipore College

2. The paper/thesis is to be sent to drillbitpro@newaliporecollege.ac.in for getting the similarity report. The body of the email must contain the following information:
   a. Paper/Thesis Title
   b. Author list with affiliation
   c. A declaration as "Sending the paper/thesis for similarity checking for n-st/nd time", where n is the number of times the paper/thesis is sent for similarity checking

3. The faculty (author/co-author of the paper/thesis) from New Alipore College must use the affiliation of New Alipore College in the paper/thesis to avail this facility.

4. A paper/thesis would be checked twice at most (The author/co-author is requested to send the paper/thesis carefully to utilize the software effectively).

5. There is no bar on the number of distinct papers an author/co-author can send for checking.

N.B. After sending the paper/thesis, the author/co-author may inform the undersigned for faster response on the similarity report.

This initiative is taken to boost the research and publication activities of the college. Maximum utilization of the facility is desired.
